Female, Minority and Disadvantaged Small Business Owners

Do you provide transportation-related services in construction, consulting, supplies or other areas?

Then you really need to know about the US Department of Transportation's Disadvantaged Business Enterprise (DBE) Program!

This program is designed to foster equal opportunity for minority, female and disadvantaged business owners on federal-aid transportation projects, and for helping them improve their business efficiency and flexibility.

Don't pass up on this opportunity to learn how the DBE Program works, how to qualify and become certified as a disadvantaged business enterprise owner, and what kind of valuable benefits you can enjoy through DBE Supportive Services.

At the same time, you'll also learn about the many other services and programs that are available to small businesses through other government agencies and organizations.

Fill out this form, and mail it to DBE Supportive Services at PO Box 7129, Boise, ID 83707-1129, or fax it to (208) 332-7812. For more information, call (208) 334-4442 / Toll-Free (800) 634-7790, or e-mail civilrights@itd.idaho.gov.

The Idaho Small Business Development Centers (ISBDCs) are partially funded by the US Small Business Administration (SBA). They operate in a partnership program with the US Small Business Administration, Boise State University/North Idaho College/Lewis-Clark State University/College of Southern Idaho/Idaho State University, and other funding sources. The support given by the US Small Business Administration through such funding does not constitute an expressed or implied endorsement of the co-sponsor(s)' or participants' opinions, products or services. Please call one week in advance if you have handicap access needs that require special attention. All programs are offered on a nondiscrimination basis.
